## **Introduction:**

The Omani Program for Cultural and Scientific Cooperation offers fully funded grants and tuition ■ waived grants provided by Non-government Higher Education Institutions in the Sultanate of Oman for international students at the undergraduate level. These grants are available to non-resident students from friendly and brotherly countries who have completed a General Education Diploma or its equivalent. This guide provides an overview of the available academic programs, admission requirements, application deadlines, and registration procedures at Non-government Higher Education Institutions in the Sultanate of Oman. It also includes other relevant information that may assist students interested in applying for the grants.

We wish you the best of luck.

## **Scholarship Benefits**

Full fee-free Grants are offered for undergraduate (bachelor's) studies, along with a monthly allowance of OMR 200 if student housing is not provided by the educational institution. In cases where housing is provided, the monthly allowance will be OMR 140. In addition, one round-trip ticket will be provided per academic year. These Grants are designated for non-resident students from countries targeted by this program.

Accepted students awarded these Grants may choose the educational institution where they wish to pursue their studies.

Students may also select a minor specialization within the bachelor's degree program.

These Grants do not cover the following majors: Medicine (General/Human), Dentistry, Pharmacy, Medical Laboratory Sciences, or Education.

The program includes all Non-government Higher Education Institution in the Sultanate of Oman. The system will allow students to choose two universities, and priority will be given to the one listed highest in their preferences. If placement in the first-choice university is not possible, the student will be automatically considered for the second choice.

---

The system will also allow students to choose two academic majors, with priority given to the first choice. If placement in the first major is not feasible, the student will' automatically be transferred to the second choice,

In the event that a student is unable to begin their studies in the first semester of the academic year 2026/2027, they will be enrolled in the second semester of the same academic year.

---

## Second : Academic Requirements:

- 1 The Ministry does not guarantee placement in the applicant's first choice of university or specialization. The Ministry reserves the right to place the student in any of the listed university choices without prior notice.
- 2 The applicant must ensure that the desired specialization is offered by the selected educational institution
- 3 The applicant must verify that they meet the admission requirements of the chosen institution and program.
- 4 The applicant must check the language of instruction at the selected institution.
- 5 The applicant must confirm that the selected institution is recognized in their home country.
- 6 The applicant must begin studies in the academic year 2026 / 2027, either in the first or second semester. Postponing the grant to the following academic year is not permitted.
- 7 some universities follow an annual admission system, where applications are only accepted for the first semester.

## Third: Required Documents

|   |                                                                   |
